Third Year B-Tech || CSE | Python | Java | Android Development ||
Aurangabad, Maharashtra, India

Summary

As a dedicated and passionate student at CSMSS College of
Engineering in Aurangabad, Maharashtra, I am currently pursuing
my B-Tech in Computer Science & Engineering. I have recently
completed my diploma in Computer Science & Engineering from
Government College of Polytechnic in Jalna, Maharashtra.

I possess a strong foundation in programming languages including
Java, C++, Android, XML, and HTML. My technical skills are
complemented by my abilities in leadership, error correction, and
analysis, which have been honed through various academic and
project-based experiences.

I am adept at project planning and execution, ensuring that
objectives are met efficiently and effectively. My goal is to leverage
my skills and knowledge in a dynamic and challenging environment,
contributing to innovative projects and continuous growth.

I am actively seeking a long-term opportunity where I can apply
my expertise and grow professionally within a forward-thinking
organization.

Experience

Mountreach Solutions PVT LTD
Android Developer intern
September 2022 - December 2022 (4 months)
Amravati, Maharashtra, India

During my internship at Mountreach Solution Pvt Ltd, I worked on the
development of the "Hospital and Blood Donors Finding System" project.
This experience provided me with the opportunity to:Demonstrate strong
design skills in creating user-friendly interfaces and functionalities.Develop
self-motivated learning habits and adapt to new challenges in Android
development.Collaborate with a team to deliver a practical solution aimed at

improving healthcare accessibility.This role significantly enhanced my Android development skills and prepared me for future career opportunities in software development.
